Table 1: Source: Renewable Energy Policy Network for the 21st Century ([www.ren21.net](http://www.ren21.net))

The key here is to find out what support your government, or the government in which your operation will be domiciled, offers. Given the internationally widespread nature of renewable energy incentives, it is likely that your business too can benefit from one or more favorable policies to assist profitability.

Any problems when build your own biomass pellet mill plans? You are welcome to contact us for free consultation and we will be very glad to help you!
